Bauer

Containment Fill Stations

CFS55-3S

Our 5.5 series of containment SCBA/SCUBA fill stations were independently tested to the same rigorous standards and stringent test parameters dictated by NFPA 1901 that our CFSII series was, however in the testing of the 5.5 series Bauer utilized 110 cu. ft. 5500psi SCBA's in lieu of 88 cu. ft. 4500psi SCBA's.

- Complete with cylinder scuff guard, SCBA fill connection, fill hose, and bleed valve.
- Fill control panel.
- Mounting base.
- Bottom venting.
- Hands-free door interlock.
- Ergonomic loading height.

Bauer Cylinder Rack

For standard storage assemblies, BAUER utilizes a universal welded steel rack (RCK-0037) of our design that safely and securely accommodates two storage cylinders whether of the ASME or the UN variety. For storage system requirements of greater capacity, multiple rack assemblies can be bolted and tubed together. These storage rack assemblies are available in either vertical or horizontal configurations. All storage rack assemblies up to 2 modules deep and 2 modules wide can be shipped completely inter-piped, bolted together, and placed horizontally on a single shipping pallet. For larger orders, a tubing and hardware kit for connecting the modules will be shipped loose for on-site assembly. (Cylinders not included)

Item #	Description	Price
RCK-0037-CMP-0106	Rack for DOT/ISO Cascade Cylinders	\$1,036.00

Dräger
X-AM 2800 Multi-Gas Monitor

The X-am 2800 multi-gas detector measures up to four gases and is equipped with a shock-resistant CatEx SR sensor. With the Dräger Gas Detection Connect software, it offers live monitoring and powerful fleet management. Designed for personal monitoring, the X-am 2800 offers the highest level of safety at a low cost of ownership.

Item #	Description	Price
NA11350	X-AM 2800 Rechargeable with Charger Kit	\$1,642.00
8327117	Confined Space Kit	\$897.00
8327115	Pump Only	\$510.00
8319131	Bump Test Station	\$1,006.00
4594639	Standard Calibration Gas, 34L	\$292.00

Dräger
X-AM 5000 5-Gas Monitor

The Dräger X-am® 5000 belongs to a generation of gas detectors, developed especially for personal monitoring applications. This 1- to 5-gas detector reliably measures combustible gases and vapors as well as O2 and harmful concentrations of toxic gases, organic vapors, odorant and amine.

- Fast testing and calibration solutions that save time.
- Rugged design for harsh conditions.
- High-performance sensors that last longer.

Item #	Description	Price
VN00116	X-AM 5000 EX/02/CO/H2S/HCN with NIMH battery and charger	\$2,559.00
8320001	X-AM 5000 EX/02/CO/H2S with NIMH Battery and charger One additional sensor may be added	\$2,045.00

Dräger
PAC 6000 Single Gas Monitors

- Simple two-button operation.
- Large display with bright backlight.
- Long life lithium alkaline battery (CR123A)
- 2-year life and warranty.
- TWO YEAR DISPOSABLE

Item #	Description	Price
8326369	PAC 6000 CO, 0-2000 PPM	\$278.00
8326368	PAC 6000 H2S, 0-100 PPM	\$278.00
8327612	PAC 6000 O2, 0-25% vol	\$278.00

Dräger
PAC 8000 Extended Life Single Gas Monitor

- 2-year warranty
- Easily replaced lithium alkaline battery
- Simple calibration menu
- Data logging standard
- Extended life

Item #	Description	Price
8328276	PAC 8000 HCN, 0-50 PPM	\$854.00
8328277	PAC 8000 NH3, 0-300 PPM	\$1,075.00
8326352	PAC 8000 CL2, 0-20 PPM	\$749.00
8326350	PAC 8000 NO, 0-50 PPM	\$712.00
8326351	PAC 8000 CO2, 0-5% PPM	\$1,239.00
8326355	PAC 8000 PH3, 0-20 PPM	\$948.00
8326356	PAC 8000 OV, 0-200 PPM	\$978.00
8328275	PAC 8000 NO2, 0-50 PPM	\$749.00
8326359	PAC 8000 OZONE, 0-10 PPM	\$1,239.00
8326360	PAC 8000 Phosgene, 0-10 PPM	\$1,239.00

8328419

Dräger X-AM 3500

The Dräger X-am® 3500 was especially designed for clearance measurements and personnel monitoring applications. The 1 to 4 gas detector reliably detects flammable gases and vapors as well as O2, CO, H2S, NO2 and SO2. The innovative signaling design and extensive range of accessories ensure optimum safety and easy handling.

Item #	Description	Price
8328419	X-AM 3500 EX, CO-LC, O2, H2S-LC with Charging Equipment	\$2,655.00

8321880

Dräger X-Dock 5300 X-AM 125

- Automatic bump tests, calibration, reduced test gas consumption, short testing times, and comprehensive documentation come standard in this device from Dräger, the experts in gas detection.
- Touch screen operation.
- Configurations for every need.
- Automatic permeability tests.

Item #	Description	Price
8321880	X-Dock 5300 X-AM 125	\$4,350.00

Dräger Bump Test Stations/Calibration

8319131

8317410

Easy to use, stand-alone and flexible: With the Bump Test Station, function tests of gas detection and warning devices can be carried out easily and independently at the location.

Item #	Description	Price
8317410	PAC Bump Test Station	\$1,006.00
8319131	X-AM Bump Test Station	\$1,006.00
8318752	Calibration/PC Communication Cradle	\$96.00
8324250	Pressure Regulator	\$884.00
8324251	Pressure Regulator with Flow Stop	\$1,122.00

Dräger X-Dock 6300 Master

8321900

With 3 gas connections plus fresh air. At least one module must be ordered, extendable to a maximum of 10 modules. Must order regulators and power supply separately.

Item #	Description	Price
8321900	X-Dock 6300	\$3,419.00
8321890	X-Dock X-AM 125 Module	\$1,860.00
8321892	X-Dock PAC Module	\$1,860.00
8324250	X-Dock Pressure Regulator	\$884.00
8324251	X-Dock Regulator w/ Flow Stop	\$1,122.00
8321849	Power Supply 100-240v up to 3 modules	\$178.00

Dräger X-Site Live

A real-time, scalable monitor. Benefit from up to seven toxic and combustible gas sensors plus radiation and optional aerosol detectors in a convenient, portable case. Remote visibility with unsurpassed communications capability enabled by the FirstNet® broadband network.

Dräger

Calibration Gases

Calibrating gas detectors is required per OSHA 1910.146, 1910.120 and 1910.272, as outlined on OSHA's website under Calibrating and Testing Direct-Reading Portable Gas Monitors. Dräger has solutions for all of your bump test and calibration needs, from manual tests to fully automated systems that charge, bump test and calibrate multiple devices. DrägerSensor technology allows for fast and highly efficient testing that saves time and money by using less gas.

Combustible Gas Bump Test Mixtures - Aerosols:

Item #	Description	Liter	Shelf Life	Price
4594633	50% LEL Methane	11 L	3 Mo.	\$70.25

Dräger

HazMat Simultest Kit

The Dräger HazMat Simultest Kit is designed to quickly determine the presence of inorganic and organic gases and vapors. The Simultaneous Test Sets I, II & III consist of five tube sets to detect toxic substances generated from burning combustible materials, flammable liquids or flammable gases and substances evolving from a chemical leak or spill.

Dräger

Short-Term Detection Tubes

A great number of different gases and vapors can be measured by the short-term Dräger-Tubes®. These tubes are used e.g. for the determination of concentration peaks, the measurement of exposures in the inhalation area, the determination of possible leakages as well as for the analysis of air in sewers, shafts, tanks or other confined spaces.

SENSIT

HXG-3P Combustible Gas Detector

HXG-3P measures combustible gases such as methane, propane, natural gas, pentane and other volatile organic compounds (VOCs). The backlit LCD display shows percent lower explosive limit (LEL) and part-per million (ppm) readings simultaneously.

Audible and visual alarms warn of potential hazardous conditions. It also features our unique audible tick control that helps find the source of gas leaks fast. Combustible Gas Leak Detector displays %LEL and PPM simultaneously.

SENSIT

HXG-2D Combustible Gas Leak Detector

HXG-2d Combustible gas leak detector is a hand held instrument ideal for detecting and finding the source of natural gas, methane or propane gas leaks. It incorporates an advanced low power semiconductor sensor to measure and display combustible gases in parts per million.

The instrument auto ranges to percent LEL (Lower explosive limit) when concentrations exceed 990 parts per million. It also features our unique audible tick control that helps find the source of gas leaks fast.

D-NS	Drum Repair Kit with Non-Sparking Tools	\$608.00

Edwards and Cromwell

A-1 Universal Leak Control Kit

A-1

This new universal leak control kit has components to repair punctures, cracks, gashes or surface rotting of all containers. Additionally, this new kit will allow you

to patch some holes that previously were more difficult, such as cracks close to the edge of tanks or supports, and cracks that toggle wings will not fit into. All necessary tools and hardware are included.

Item #	Description	Price
A-1	Universal Leak Kit w/Standard Tools	\$827.00
A1-NS	Universal Leak Kit w/ Non-Sparking Tools	\$1,109.00

Edwards and Cromwell

F-1 Plug Kit

F-1

For anyone who is first on an accident scene, the new Kit F-1 has what you need to stop a leak fast. Designed primarily for fuel leaks, this kit contains simple proven items such as wooden proven plugs with rubber mallet, four sticks of epoxy repair putty,

five all-purpose absorbent pads, a can of Plug N Dike, one of our football plugs, and two of our golf ball plugs.

Item #	Description	Price
F1	F1 Plug Kit	\$451.00

Spill Tech

Oil-Dry Premium Absorbent

CLAY32

Absorb leaks, drips and spills with a premium dry absorbent. • Clay granules absorb liquids around machines or in storage areas to reduce slipping accidents and hazards, prevent flash oil fires, and keep floors clean and dry • Superior moisture extraction process increases clay's absorption power and minimizes dust • Absorbs oils, mixtures of soluble oils, acids, paints, inks, water and other liquids. Not for use with turpentine, vegetable oil, unsaturated organic compounds or hydrofluoric acid

Item #	Description	Price
CLAY32	Oil-Dri Premium Absorbent Bag	\$20.35

Spill Tech

HazMat Foil Bag Spill Kit

SPKHZ-FOILB

Be prepared for fast response with a SpillTech® HazMat Spill Kit! • Packed with quality SpillTech® products to help you clean up fast and comply with regulations • Includes a variety of sorbents to handle nearly any type of smaller caustic,

hazardous or unknown spill — including acids, bases, solvents and chemicals — that truckers encounter on a regular basis • Self-contained, compact Kit provides easy access when quick response is necessary • Heat-sealed bag allows you to determine if the kit has been used or not • Bag is puncture-proof, water- and UV-resistant

Item #	Description	Price
SPKHZ-FOILB	HazMat Foil Bag Spill Kit	\$48.00

Spill Tech

Universal Sock/Net Boom

GB5105N

Fast, efficient response for large spills. • Just one of these high-capacity booms can contain and soak up 5.8 gallons of oils, coolants, solvents or water • Booms won't shed, even when saturated • A nylon rope and sturdy hardware ensure long-lasting durability and easy retrieval • Use boom connectors to create a containment system big enough to handle almost any size spill

Item #	Description	Price
GB5105N	Universal Sock/Net Boom (Pkg of 4)	\$75.50

Spill Tech

Personal Protection Spill Kit

PPE-KIT

All the personal protective equipment you need in one convenient grab-and-go kit. • PPE stays clean, dry and organized until it's ready to be used • Comes in compact bag with zipper seal • Avoid the hassle of purchasing each item separately • Includes coveralls,

boots, gloves, goggles and more

Item #	Description	Price
PPE-KIT	Personal Protection Spill Kit	\$108.00

SPKU-FOILB	Universal Foil Bag Spill Kit	\$45.00

Spill Tech

Universal Contractor Grade Pads

GP-H

Part of making smart spill decisions is not buying more absorbent than you need. Not every job requires long-term durability or heavy-duty strength. Sometimes you need an absorbent that

will let you get in, do the job, and get out. • Universal absorbency — used for both oil-and water-based liquids • Perforations allow you to use only what you need • Dimples add fast-wicking power • Quickly absorbs leaks, spills and overspray to keep floors dry • Perfect for light-duty industrial, maintenance and general applications • Pads are ideal for catching leaks and soaking up spills • HighLoft construction is sturdy and soft

Item #	Description	Price
GP-H	Universal Contractor Grade Pads (100)	\$39.50

Spill Tech

Universal 55-Gallon Spill Kit

• Universal kit includes a variety of sorbents to handle spills of oils, coolants, solvents or water • Pre-packed in an X-rated DOT-approved 55-Gallon Open Head Drum with Lever Lock • Lever Lock Poly Ring ensures sealed and secure

closure to protect sorbents from moisture, dirt and damage • Rust- and corrosion-free 100% polyethylene is durable to withstand rough handling

Item #	Description	Price
SPKU-55	Universal 55-Gallon Spill Kit	\$302.00

Spill Tech

Universal Wall Mount Cabinet Spill Kit

Spill Kits are packed with quality SpillTech® products to help you clean up fast and comply with regulations. Spill Kits include a variety of sorbents to handle spills of oils, coolants, solvents or water, prepacked in a wall-mountable steel cabinet. Interior shelves and easy-view window help you keep supplies identifiable and organized. Mounts easily to just about any wall using 4 pre-drilled holes which take standard size screws. No brackets needed.

Item #	Description	Price
SPKU-WCAB	Wall Mount Cabinet Spill Kit	\$285.00

Husky

Haz/Mat Decon Pool with Shower

Our lightweight, collapsible, low-pressure decontamination showers can be used to eliminate or reduce suspect contamination on workers, visitors, responders, victims, and patients during emergency incidents or in industrial or agricultural settings when fixed showers or integrated response vehicles are not available. • Rigid PVC shower frame with four shower heads • Hose with hand-held sprayer • Durable Carry Bags • Elevation Grids, Decon Shower Curtains, and spare parts are available separately.

Item #	Description	Price

Leader

AC Electric Current Detector

Leader VOLT is an electric current detector for locating the presence of alternating current (AC) by

directing the device towards electrical installations that are faulty or not. It helps to eliminate the electrical risk on a USAR or firefighter intervention area. AC sensitivity of the unit can be adjusted to more precisely locate the power source even without having contact with it. Leader VOLT voltage detector is the ideal tool for detecting AC during all kinds of operations.

Item #	Description	Price

Leader

WASP - Warning Alarm for Stability Protection

Leader WASP is ultra-sensitive and provides an early warning of movement (0 to 2.6 degrees) and vibration (0 to 100 Hz). This is alarmed via rotational failure of the risk that it has been attached to. The warning device is quick to implement and easy to operate. In case of bigger movement than selected threshold, device triggers an alarm. So team on duty can quickly leave their position for a safer area.

Item #	Description	Price
D11.06.030	Leader WASP Single Kit	\$6,124.00
D11.06.031	Leader WASP Dual Kit	\$11,041.00

Seismic Sensor Life Detector

Seismic listening device to detect and locate vibrations caused by buried victims. Developed with SAR specialists LEADER SEARCH is used during SAR operations to

detect conscious buried victims (scratching, voice... even in the most difficult conditions) then precisely locate their position under the rubble. It includes 2 wired seismic sensors. Equipped with a filter system to eliminate ambient noise, it offers exceptional sound quality.

LEADER SEARCH also allows you to communicate with any victim using its optional communication probe.

- Compact and ergonomic design
- Intuitive navigation interface
- "MONO-APP" control box for dedicated use of the SEARCH seismic sensors
- Color screen with lower control buttons for direct control of each sensor
- Exceptional sound quality
- 2 ultra-sensitive wired seismic sensors (8m cable each)
- Filters to eliminate ambient noise
- Noise-cancelling headset with microphone to speak
- 5 hours of running time

JAFLINE HD

ATI Hose

Jafline HD Hose

ATI'S JAFLINE HD is a synthetic, double-jacket fire hose that is available in white, blue, yellow, tan, green, red and orange. It has a rubber lining, offering excellent resistance to ozone. This synthesized rubber is also more resistant to abrasion and oxidation than natural rubber. The outside jacket is impregnated with a high-tech polymer, offering excellent resistance to moisture and abrasion. JAFLINE HD is available in lengths of 50 and 100 feet and can be coupled with NST, NPSH or other, special order couplings.

Item #	Dimensions	White (Price)	Color (Price)
HD150?050-NH150	1.5" x 50'	\$145.00	\$164.00

ATI Hose

Armored Reel Lightweight Booster Hose

ARMORED REEL

ARMORED REEL is a semi-rigid hose that replaces the heavy red rubber booster hose that was traditionally in use. Its jacket is continuous high tenacity polyester in a plain weave combined with a rigid and heavy polyester helical interior reinforcement, yielding a lightweight, yet extremely durable booster line. Available in red & yellow.

Item #	Description	Price
AR100?050-NH100	1" x 50'	\$202.00
AR100?100-NH100	1" x 100'	\$364.00

JAFRIB-LDH

ATI Hose

JAFRIB LDH Rubber Cover Hose

ATI'S JAFRIB large diameter hose is a synthetic, single-jacket hose with a nitrile/PVC rubber lining and cover. JAFRIB is made in a single extrusion, eliminating the risks of jacket separation. The outside jacket offers superior resistance to acids, alkalis, oils, gasoline and ozone. JAFRIB is available in red and yellow, in lengths of 50' and 100' and can be coupled with NST, NPSH, Storz or other, special order couplings. Shorter lengths are available by special order.

Action Coupling

Cam Lock Adapters

CAM LOCK

Cam Lock Coupling- also known as cam and groove, snow couplings, or quick-disconnect couplings.

- Two-part design for expansion ring couplings
- The body of the coupling is made from extruded 6061-T6 aluminum
- Hard anodized with investment stainless steel arms and pull rings.

R-ALF Rescue Kit

The R-ALF pulley is the latest innovation in rescue, confined space working, and work suspension systems. The R-ALF pulley has an over-speed break built in so that the pulley will lock and hold when a fall occurs. The load rated Becket eye on the R-ALF means that it can be used in combination with Prussik pulleys to create a 3:1 or 5:1 mechanical advantage system. Kits are complete with rope for a 33ft lift.

VERTEX Vent Rescue Helmet

2354011046

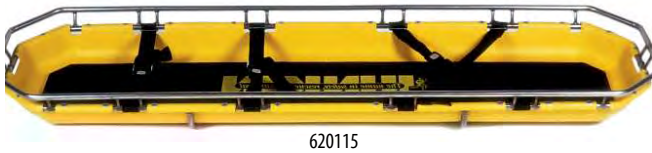

The VERTEX Vent helmet is very comfortable, thanks to its six-point textile suspension and CENTERFIT and FLIP&FIT systems, which guarantees that the helmet fits securely on the head. The adjustable-strength chinstrap makes it ideal for work at height and on the ground.

It has ventilation holes with sliding shutters to allow airflow through the helmet. With its potential for integrating multiple accessories, it is an entirely modular helmet, thus responding to the specific additional needs of professionals. Colors: Orange(0), Black(1), Yellow(2), Red (4), Blue(6), White (9)

Low-Angle Lifter Bridge

Ideal for scree-slope and other low angle lifter operations. Provides stable, secure connection. Manufactured

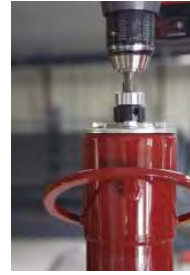

with high strength webbing and forged steel hardware. Attaches to sides and end of lifter.

- Strength: 5,100lbs.
- Weight: 2.3lbs.
- Color: black

Item #	Description	Price
620181	Low-Angle Lifter Bridge	\$90.00

JPZ

Grain Auger

JPZ-AUGER

The auger stands out when on duty in rescue red. The Rescue Auger is to be used in grain bin/elevator rescue situations. If a person is trapped under grain, the Rescue Auger is used to auger out grain quicker than scooping to quickly free the trapped victim. The Rescue Auger should be used with a grain rescue tube. Once the tube is secure around the victim, the Rescue Auger can be placed in the tube and quickly expel the unwanted grain. The Rescue Auger is powered by any power drill. Weighing only 26 lbs, the Rescue Auger can expel grain at 1.5 bushels/minute. Easy to use with a variety of grain - corn, wheat, milo, soybeans - the Rescue Auger is a necessity for any, and every, rescue department.

Item #	Description	Price
JPZ-AUGER	Grain Auger	\$984.99

Great Wall of Rescue

Grain Rescue Device

Mill Finish

Red Tuff Kote

The Great Wall of Rescue was designed to adapt to a multitude of grain entrapment rescue scenarios. The lightweight wall sections are easily maneuvered and can be aligned to form a wall, a tube, or other irregular shapes depending on the rescue situation and the number of panels available. Anodized ball-and-socket joints ensure smooth panel connection, and the joint was specially designed to have some range of movement, adding to the variability in shape.

Item #	Description	Price
MF6K	Basic Pkg - 6 Mill Finish Panels	\$2,700.00
MF8K	Supreme Pkg - 8 Mill Finish Panels	\$3,400.00
TF6K	Basic Pkg - 6 Tuff Kote Panels	\$3,000.00
TF8K	Supreme Pkg - 8 Tuff Kote Panels	\$3,700.00

Super Vac

Nano 8" Confined Space Ventilation Fan w/Duct

The Super Vac Nano is the market's smallest, most powerful confined space blower. At just 8" with dual carry handles, these fans are designed to be ultra compact and extremely

portable. The Nano can be used for positive or negative ventilation and is available with a hazardous location motor for an explosion proof ventilator. Paired with the Super Vac's patent-pending LFR-BF inherently-arc and flame-resistant fabric duct, this rounds out your confined space rescue equipment.

Item #	Description	Price
NanoPac15	8" Fan, 15' Duct-Std Ventilation	\$1,111.00
NanoPac25	8" Fan, 25' Duct-Std Ventilation	\$1,249.00

Bleeding Control Kits

ASK-438

Bleeding Control Kits provide the essential tools needed to stop bleeding quickly. Whether they are needed for a car accident or an active shooter situation, these kits can provide the medic, or

even the general public, to act as a responder. There are three levels of kits: Basic, Intermediate and Advanced. The Bleeding Control kit comes in a vacuum-sealed pouch with all of the contents sealed securely inside for a longer life-span. Sealed kits fit directly into the Empty IFAK/Active Shooter Response Pouch for easy transport.

Item #	Description	Price
ASK-438	Basic Level Bleeding Control Kit	\$91.00
ASK-439	Intermediate Level Bleeding Control Kit	\$109.00
ASK-440	Advanced Level Bleeding Control Kit	\$190.00

Leader

Fire Trainer / Flame Generator Aeros 2

V90.00.0036K

- With a weight of 45.8 lbs, AEROS 2 fire trainer is easily transportable.
- The water in the pan allows a homogeneous distribution of the fire on all

the surface of the pan creating an impressive oil-slick fire effect with flames rising up to 4.9 ft m high.

- AEROS 2 is equipped with a wired remote control for controlling the fire (ignition and extinction) at distance. In addition, the fire trainer has an integrated solenoid valve for automatic and instantaneous gas control.
- AEROS 2 flame generator has been specially designed for ease of use:
 - Easy drainage thanks to the flame generator tilting legs.
 - Increased ground contact surface areas, allowing it to be used on soft ground.

Item #	Description	Price
V90.00.0036K	Aeros 2 Flame Generator	\$4,856.00
V90.80.057	Gas Hose w/Pressure Regulator	\$228.00

Leader

Fire Trainer / Flame Generator Pyros 3

V90.00.0043K

- The water in the pan allows a homogeneous distribution of the fire on all the surface of the pan giving it a strong thermal radiation with flames rising up to 9.8ft high. PYROS 3, the largest flame generator in

the range, has a very large fire surface area of 8.9 ft².

- PYROS 3 fire trainer is well-equipped to be able to carry out training with full safety:
 - Two remote controls supplied for controlling the fire (ignition and extinction) at distance. A handy wireless remote control to accompany the trainee towards the fire, without cable and wired remote control.
 - Emergency stop button located on the console.
- PYROS 3 fire trainer is equipped with a control console:
 - 1 emergency stop button
 - Possible to connect 1 to 2 bottles of industrial-type propane gas or 4 bottles of domestic gas.

Item #	Description	Price

CastAir Compressors

Industrial Series - Electric - 5hp - 80 Gallon

TWO STAGE – ELECTRIC – 1 PHASE
208/230 VOLT – MAG. STARTER MTD.

Features:

- All Cast Iron slow 767 RPM for long life and quiet operation.
- Tapered roller bearings at both ends of crankshaft for superior support & less friction.
- Precision steel connecting rods with automotive type rod insert bearings at crankshaft & bearings at wrist pin for long service, life, & reliability.
- Disc & spring valves for high efficiency and reliability.
- Centrifugal unloader...for loadless start-up every time.
- Automotive type intake filter/silencer.
- Sight glass to insure proper oil level at a glance.
- Powder coated ASME tank with 4 legs.
- ASME safety valves.
- Metal belt guard totally enclosed.
- Copper discharge & bleeder tube.
- Heavy duty industrial motor, 1725 RPM with full 15% service factor.
- Quality pressure switch & magnetic starter mounted & wired.
- 30A breaker required for wiring (230V)

CastAir Compressors

Garage Series - Electric

1 PHASE – MOTOR 3450 R.P.M. WITH OVERLOAD PROTECTION - NO MAGNETIC STARTER REQUIRED.

Features:

- Slow R.P.M. oil lubed CAST IRON belt driven pumps for quiet operation & long life.
- Automotive type filters/silencers with paper element provide clean intake air & quiet operation.
- Easy to read sight glass to insure proper oil level at a glance.
- Powder coated ASME-tanks.
- Four feet on all stationary models. *Rigid metal belt guards.
- Copper discharge & unloader tube for strength & increased heat dissipation.
- G212P50 has a mounted regulator with gauge & quick coupler.
- Single stage factory set to shut off at 125 PSI. *Two stage factory set to shut off at 175 PSI
- Smooth running v-twins for 360 deg. cooling around both cylinders (G3516VS75 is an inline twin).
- Main bearings are automotive type ball bearings for superior crankshaft support.
- Bleeder pressure switch for load-less starts.
